Recreation Vehicles (RVs) Proper Storage

After summer vacations and fall excursions, it is important for Residential owners to know parking and storage guidelines in the Town of Bon Accord.

A recreational vehicle (RV) is defined as a vehicle or trailer that is designed, constructed and equipped, either temporarily or permanently, as a temporary accommodation for travel, vacation, or recreational use and to be driven, towed or transported.

RVs include: duly licensed travel trailers, motorized homes, slide-in campers, chassis-mounted camper, boats, all-terrain vehicles, snowmobile, and tent trailers.

As per the *Land Use Bylaw 2016-03*, recreational vehicles can be temporarily located in a front yard if the vehicle is located on a hard-surfaced driveway or parking pad. **Please note, recreational vehicles are to be removed at the end of the summer camping season (April 1 to October 31) annually.**

Utility trailers are prohibited in front yards. Front yards are considered to be a portion of the site abutting the road to the dwelling foundation.

The Town appreciates your understanding and cooperation in proper storage of your RVs! Thanks to those residents who have stored their units already!
